

HOW DOES YOUR CURRENT QUALITY MANAGEMENT SYSTEM "STACK" UP?

Introducing the "Quality Stack"

If your quality management system isn't flexible, intelligent and configurable, then it may be time to find a new *QMS Solution*.

Custom designed in SharePoint to fit your needs, our solution allows you build the quality system you want. Choose one or two modules and "stack" more when you need them. Pricing starts at *\$20k for 10 users*.

NCRs & CAPA

- **Identify:** Related lists show actions, causes, risks, tasks, events, attachments associated with each NCR.
- **Investigate:** Track associated root causes, *who-what-when-where-why-how much-how often* findings.
- **Act:** Develop an action plan, confirm that it resolved the issue, monitor status.
- **Analyze/Report:** Spot trends on KPI Dashboard, create custom 8D reports.

DOCUMENT CONTROL

- **Review:** Approvers can open, view and modify specific documents by permission.
- **Approve:** Workflow and document routing based on parallel or sequential approval processes.
- **Version Control:** Stay in control of your document versions without having to maintain multiple copies.
- **Audits:** Audit trails provide insight into users, and date/time the document was accessed and type of action performed.

RISK & SAFETY MANAGEMENT

- **Risks:** Identify threats to the business, classify by source, evaluate severity, prioritize/focus.
- **Controls:** Identify steps to mitigate risk, periodically monitor compliance.
- **Safety Incidents:** Capture event details, including cost and the related risk.
- **KPI Charts:** Incidents by month, service, or root cause.

TRAINING MANAGEMENT

- **Classify:** Organize course catalog by category and subcategory.
- **Track:** Student courses, training records (knowledge level, certification dates), OJT, and past training experience from previous employers.
- **Track:** Native language, learned languages, proficiency, work location (shift, building, transfers).
- **Store:** Proof (as PDF scans) all training certificates and diplomas related to courses completed.
